ADA, OKLAHOMA WEDNESDAY, NOVEMBER 1, 1922

FIVE CENTS THE COPY

EVERYTHING IN
READINESS FOR
E. C. MEETINGVanguard of Teachers of
of District Expected to
Arrive Today.

MANY ARE EXPECTED

Sessions Will Begin Thurs-
day Evening and Close
Saturday.

Final preparations for what is believed to be the largest and most successful meeting of its kind ever held in this district were started today and committees in charge of the program for the Seventh Annual meeting of the East Central Oklahoma Educational Association were today looking forward to the arrival of the first delegates.

The meeting is held for every teacher in the district. Many of the larger cities report that 100 per cent representation may be expected and some counties are confident of having an almost perfect representation at the meeting. Many prominent speakers will appear before the various assemblies and questions of vital importance to those who engage in the work of teaching will be discussed.

The reception committee has been very active. It is composed of local business men, students and faculty members of the college. A large banner of welcome will be placed on the street today. Ada Chamber of Commerce has prepared to assist the local Teachers college both financially and otherwise in making the association meeting a success.

A local transfer company has been engaged by the commerce body to furnish free transportation to the teachers all during the meet. Baggage hauling facilities will also be furnished. A free check room will be maintained at the commerce rooms. General headquarters of the association meeting will be in the reception rooms at East Central college in the administration building.

Boy Scouts will assist in showing the teachers to their rooms, which are being provided by local residents. Hotel facilities are not expected to accommodate many of the visitors. Many local business and professional men have offered their cars for the service of the teachers during their three day assembly here to talk over matters pertaining to the teaching profession.

Five local committees—executive, accommodations, decorations, information and reception—were appointed and have carried out their duties as far as possible at this time. It is reported that first teachers are expected in this afternoon and they will be arriving all day Thursday.

One of the chief entertainment features of the meeting will be a football game between Ada high and McAlester high on the college grid-iron Friday afternoon. Other entertainments for the college visitors are being planned and every necessary step will be taken to make the visit of the teachers of this district as enjoyable to them as possible.

First of the four general assemblies will be held in the auditorium of the administration building Thursday evening, November 3, beginning at 7:30 o'clock. Friday morning at nine o'clock the second assembly will be called to order at the same place followed by the third assembly that evening. On Saturday morning the closing assembly will be held and election of officers adoption of resolutions and other business matters will be taken up.

Departmental meetings for every phase of teaching will be held at various rooms in the education and administration building Friday afternoon preceding the football game.

OIL NEWS

The Kauffield Oil Company of Tulsa has the rig up for a test between Sasakwa and Konawa in the southern end of Seminole County. The test is to be at least 3,500 feet, if that depth is necessary.

The same company with J. A. Johnson is also making another test in the adjoining section, a like depth to be reached.

These wells are being drilled by the Bison Drilling and Producing Company of Ada. This company is composed of "CHIEF" Skirvin and "Doc" Sandbach, both men of experience in drilling in Oklahoma and Kansas.

These two tests will be watched with keen interest. They are not far across the river, and their coming in producers would benefit Ada and this entire section.

Messrs. Skirvin and Sandbach go from Ada to the wells in less than an hour. With a bridge across the river at Byng, the trip would be a matter of only a few minutes.

HEPBURN WILL AID
IN GETTING FACTS
ABOUT SHOOTING

(By the Associated Press)
OKMULGEE, Nov. 1.—Announcement today by County Attorney Hephburn that he was going to Henryetta to conduct an investigation into the shooting affair at Schuler City Sunday night which resulted in the death of one man and the wounding of two others.

Mr. Hephburn said that he would not succeed his assistant, Lon D. Williams, but action together in a thorough investigation would be conducted into the shooting in an effort to bring all the guilty persons to the bar of justice.

Mr. Hephburn said that he would not succeed his assistant, Lon D. Williams, but action together in a thorough investigation would be conducted into the shooting in an effort to bring all the guilty persons to the bar of justice.

VARIOUS WAYS OF
VOTING EXPLAINEDVoter Can Stamp Emblem
and Vote for Individuals
in Other Parties.

Although many voters have been under the impression that to stamp under the emblem of any one party in the general election next Tuesday would mean that they cannot vote for any candidate under another emblem, this is not the law. According to the law, a voter may stamp under the emblem of one party, and then stamp before the individual name of any nominee of any other party. This would mean that he has voted for every party candidate except the opponent or opponents of the nominee or nominees before whose name or names he stamped in another column. He can thus split his ballot, voting for all words, the cross under the emblem means that the voter is voting for every name in that party column except the opponents before whose names the cross occurs in another column.

The law in this respect says: "In general elections, ballots stamped under the device of more than one party, shall not be counted. Ballots in general elections, when stamped under the device of a political party and in the square in front of names of individual candidates of another party, shall be counted for the candidates of the party under the device of which the stamp is, except it shall be counted for the candidate of the other party for whom the elector stamped in the square opposite their names."

Every elector is given an option of three ways of voting:

1. He may stamp in the circle under the party emblem. A ballot so stamped should be counted as a vote for every candidate whose name appears under the emblem.

2. The voter may disregard the circle under the party emblem and stamp in the squares before the names of the individual candidates for whom he desires to vote.

3. The voter may mix these two methods. He can stamp in the circle under the party emblem and then stamp in the square, before the name of the individual candidate, appearing in other columns. A ballot so voted should be counted for all the candidates of the party, under whose device the voter has stamped, except the candidates in front of whose names he has specifically stamped and should be counted for them.

Mrs. Gibson Gives
More Details of
New Jersey Killing

(By the Associated Press)
NEW BRUNSWICK, N. J., Nov. 1.—In her account of the Hall-Mills murder Mrs. Jane Gibson told the authorities that a few moments before the shooting she heard one of the women under the crab apple tree exclaim:

"Then explain these letters."

This part of Mrs. Gibson's story came to light through a conversation she had with a neighbor. There was a moment of heated argument, it was said, and then without warning the shooting.

Notes said to have passed between the Rev. Hall and Mrs. Mills were found strewn about their bodies under the tree.

Want Free Port in Japan

KOBE, Japan, Nov. 1.—Shipping interests have started a movement to induce the government to establish a free port in Japan, to enable Japanese importers to compete more successfully with the merchants of Hongkong for the trade of China. Kobe is the port which most of the supporters of the scheme believe to be best adapted for the purpose. Mr. Toru Ishii, managing director of the Nippon Yusen Kaisha, declares the lack of such a port prevented Japan from becoming the trade center of the Orient.

PRAYING PRISONER
FACES HIS FATE
IN GEORGIA TRIALMinister Confesses Slaying
of Girl Wife and His
Mother-in-Law.

OPENED WITH PRAYER

Says Modern Girls Make it
Difficult for Men to
Preach the Gospel.

(By the Associated Press)
STATESBORO, Ga., Nov. 1.—The fate of Elliot Padrick, former minister who confessed the slaying of his girl wife and mother-in-law, Mrs. Mamie Lou Dixon, now rests with the superior court jury. Indications this morning were that a verdict would be reached during the day.

That Padrick's attorneys expected and asked nothing more than a verdict of guilty and recommendation of clemency, was made clear by their closing arguments.

The attorneys told the jury they would be content with a verdict which provided for life imprisonment, but pleaded with the twelve men not to "hang a crazy man."

Padrick has been on trial for the alleged murder of Mrs. Dixon for the past two days and closed his defense with a dramatic sermon to the jury declaring that he shot his wife because of her indiscretion. The text was based on the commandment "Thou Shalt Not Commit Adultery." After opening with prayer, the former minister declared the temptation of modern women made it difficult for a young man to enter the ministry.

Defense attorneys introduced evidence tending to prove that Padrick was insane at the time of the double killing, and has been of unsound mind most of his life.

MEXICAN REBEL
GENERAL SHOTMurguia, Captured in Du-
rango, Faces the Fir-
ing Squad.

(By the Associated Press)
EL PASO, Tex., Nov. 1.—Gen. Francisco Murguia, the rebel leader, was executed by a rifle squad at 9 o'clock this morning, according to a telegram from Mexico City received at the custom house at Juarez.

The execution took place near Durango where General Murguia was captured last night.

Paulino Guerrero, collector of the custom house at Juarez, declared it was an official message.

"The execution took place under military rules and the information is correct," it was announced at the Mexican consulate in El Paso.

Churches Appeal to
Public Not to Let
in Beer and Wines

(By the Associated Press)
WASHINGTON, Nov. 1.—An appeal to "all Christian people to exert every influence to secure the impartial enforcement of all laws" was issued today by the Federated Council of Churches of Christ in America. It declared the "announcement of the program of the forces opposed to prohibition is a direct challenge to the church and the friend of orderly government," because they proposed to support a candidate in the coming election who will vote to legalize the manufacture and sale of intoxicating beer and wine.

American Seamen
Objects to Pigtales
on Some Boats

(By the Associated Press)
SAN FRANCISCO, Nov. 1.—A letter to President Harding from Andrew Frussueth, president of the International Seamen's Union, suggesting that the administration should attempt to solve the problem of Asiatic workmen on American ships, was made public by Frussueth here today.

Frussueth charges that American boys were being driven off the sea "because they had refused to work and eat and sleep with Chinese coolies."

There is a total game refuge area of 60,000 acres in Ohio.

NAMED FIRST LORD
OF THE ADMIRALTY
IN BRITISH CRISIS

Lieut. Col. L. C. M. Amery.

Lieut. Col. L. C. M. Amery becomes first lord of the British admiralty in the cabinet named by Andrew Bonar Law, new premier. Colonel Amery has been parliamentary and financial secretary to the admiralty since last year.

RAINS WILL AID
OKLAHOMA WHEATLarge Acreage Planted in
Dry Time Will Come
Up Now.

OKLAHOMA CITY, Nov. 1.—Growing wheat which has been making slow progress on account of scant moisture was materially benefitted by moderate to heavy rains which fell over most of the state yesterday and day before, says the weekly weather review issued here today by the United States weather bureau. The precipitation was too light however, over most of the western portion of the state, to more than temporarily relieve the drought, the report adds.

The rains in general will bring up a large acreage of wheat that has been seeded in dry soil, according to the summary. A considerable wheat acreage is still to be planted.

Cotton picking is practically finished and ginning is well advanced. It is estimated that less than 5 per cent of the crop is still in the fields.

Harvest of corn, grain sorghum and minor crops is also near completion.

MEXICAN REBEL IS
CAPTURED AT LAST

(By the Associated Press)
MEXICO CITY, Nov. 1.—General Francisco Murguia, arch enemy of President Obregon for many years and one of the men who took part in the fight that brought death to former President Carranza, has fallen into the hands of federal troops and his career as a dangerous rebel is thought to have come to an end.

With a little band of followers who are remnants of his most recent rebel army, General Murguia was surrounded yesterday afternoon near Durango City and captured, it was announced last night at the president's office. Whether he will be taken to Rango City for trial by court martial or be brought to the capital and publicly executed has not yet been determined.

Women Object to
Planting Tree to
Roosevelt's Memory

(By the Associated Press)
MONTGOMERY, Ala., Nov. 1.—One of the reasons why a tree in honor of the memory of President Roosevelt should not be planted on sacred ground of Alabama's capitol is given by the United Daughters of the Confederacy because Roosevelt appointed a negro, Lillian Cox, as postmistress at Indianola, Miss. It is also said that while president, Roosevelt had chided from a bridge near Washington the name of Jefferson Davis. It is claimed that at the time Roosevelt virtually said that Jefferson Davis was a traitor. To dedicate a tree to Roosevelt's memory on sacred ground after these incidents would not be tolerated, it was declared.

Order of the Rainbow

Assembly No. 7 will meet Thursday evening, November 2, at 8 o'clock at the Masonic Hall.

WALTON RALLY TO
BE HELD HERE
THIS EVENINGDemocratic Nominee and
Party to Arrive From
Tishomingo at 6:00.

SPEAKING AT 8 P. M.

Reception of State Candi-
dates to be Given at
Hotel by Citizens.

Mayor Jack Walton, Democratic nominee for governor, with his party is expected to arrive in Ada this evening about 6 o'clock, coming from Tishomingo.

A reception will be held at the hotel about 6:30 at which time the citizens of the town and county are invited to meet the Mayor. This is not to be a strictly Democratic affair, according to announcement, and all are invited to attend, irrespective of politics.

Many state officers and Democratic nominees for state offices are with the Mayor's party. These will be in the reception and will be glad to meet their friends and all the voters when they arrive here.

Local citizens point out that every one who can possibly do so should meet and hear the Democratic nominee tonight. They will then be in a better position to judge as to the fitness of office. John Fields, Republican nominee, was here several weeks ago and had a full house to hear him.

Judge Orel Busby, manager of the campaign for this county, stated this afternoon that speakers will be present to address overflow crowds in case all cannot get into the building to hear Mr. Walton.

The speaking will begin about 8 o'clock and will be held in the Pontotoc building at the corner of Main and Rennie, just across the street from the Harris Hotel.

MINNESOTA FAIR
BARS LAFOLLETTEWisconsin Governor Peeved
at Refusal to Permit
Speech.

(By the Associated Press)
MADISON, Wis., Nov. 1.—Governor Elaine in a telegram today to Governor K. A. Preusse of Minnesota said that he "wished to express the greatest regret of the people of Wisconsin that the authorities of Minnesota have seen fit to deny a United States senator from this state the right to speak in a public place there on the grounds that his political views may differ from those of the public officials."

Governor Elaine's message inspired by the refusal of the Minnesota fair board to permit Senator LaFollette to speak on the fair grounds of that state informed Wisconsin would gladly extend every courtesy to high officials of Minnesota.

Governor Elaine's message inspired by the refusal of the Minnesota fair board to permit Senator LaFollette to speak on the fair grounds of that state informed Wisconsin would gladly extend every courtesy to high officials of Minnesota.

Farmer Killed in
Automobile Wreck
and Daughter Injured

(By the Associated Press)
STIGLER, Nov. 1.—Crushed beneath an overturned motor car, Charles Gabriel, aged 89, retired farmer of this city, was killed and his daughter Miss Wilma, aged 45, was probably fatally injured yesterday. The latter is presumed to have lost control of the car. The automobile leaped from the road and started up a steep embankment. As it reached the top it started down and overturned.

Gabriel lived but a moment after being removed from the wreck. His daughter sustained a fractured skull in addition to internal injuries and has been unconscious since.

BOY DIES FROM WOUND
ACCIDENTALLY INFLICTED

PONCA CITY, Nov. 1.—Horace Witmer, a high school boy died here last night from the effects of a gun shot wound self inflicted. Young Witmer and some companion were target practicing Sunday with a revolver. In some manner the gun was discharged while in the young man's hands. The bullet penetrated the liver.

MORE COTTON IS
CONSUMED IN U.S.
EXPORTS DECLINE

According to the report of the census bureau 495,344 bales of cotton were consumed in the United States during the month of September, which was a trifle more than 10,000 bales above the corresponding month of 1921. In comparison with September, 1921, there was a decrease of 1,100,000 bales on hand in consuming establishments and in public storage and compresses.

Exports showed a sharp falling off for September being 368,890 as compared with 532,839 for September 1921. For the two months of the present cotton year the figures were 642,198 as against 946,330 for the corresponding month of 1921. Great Britain took a larger quantity than a year ago, Italy a small increase, but all other countries took much less than in 1921.

STREET SWEEPER TO
ARRIVE ANY TIMENew Machine to be Used in
Effort to Keep Streets
Free From Trash.

The receipt of a street flusher by the city street commissioner's department, is expected almost daily. Walter Smith, commissioner of public works and property and in charge of the street cleaning department of the city administration, said today.

The flusher has been ordered and will be put in use as soon as it arrives, he said. It will be of modern design and will force water on the pavement strong enough to wash objects as heavy as bricks into the storm sewers.

This flusher will be the first article added to the street cleaning department since the first pavement was put in. An old broom, which has been in use many years, is still the only means of cleaning the city streets.

It is pointed out that after the flusher is put into use, the streets can be flushed every night and each day will see a city with paved streets washed clean of all debris and trash. This will also eliminate the necessity of maintaining a man for the purpose of hauling the dirt and trash from the streets after it has been swept into the gutter.

Other improvements are being contemplated by the street department. Mr. Smith said that all possible steps had been taken and were now being taken to put the streets of the city in as good condition possible for the winter months.

FOUR PERSONS DIE
IN MISSOURI TWISTER

(By the Associated Press)
WEBB CITY, Mo., Nov. 1.—Hundreds of searchers welcomed daylight this morning after five hours' spent groping in the darkness in their effort to find the body of four persons who are believed to have lost their lives in the tornado which swept this city just after midnight.

One woman, a Mrs. Freds, was known to have been killed and 15 other persons were injured, some of them critically, in the storm, which struck the city in two places. About 30 houses were demolished and more than a hundred persons are homeless.

DEWEY NEAL GOES
TO SULPHUR PAPER

Dewey Neal, who for fifteen months, has been city editor of the Ada Evening News, left today for Sulphur where he has purchased an interest in the Sulphur Times. He will be associated with W. W. Gains, formerly of Stonewall.

Mr. Neal is a talented newspaper man and has made many friends in Ada. He is a graduate of the school of journalism at Norman. He and Gains will give Sulphur a real newspaper, and doubtless will have the united support of that thriving metropolis.

British Want the
New Castle Consulate
Reopened at Once

(By the Associated Press)
LONDON, Nov. 1.—Ambassador Harvey, it is learned from an authoritative quarter, has received a note from the British governor with regard to the case of the American consulate at New Castle, closed last summer, stating that Great Britain is ready to compromise by withdrawing the charges against the consul officials of discriminating against the British shipping if the United States will reopen the consulate and replace Consul Slater and vice-consul Brooks with others.

ADA'S LARGE
MEMORIAL HALL
STARTS TODAYBuilding to be Three Stories.
-- High and Thoroughly
Equipped.

DEDICATED TO VETS

So Arranged That Conven-
tions Will Have Every
Accommodation.

Although other cities of the state may boast of a larger hall, none can boast of a more complete memorial convention hall than the city of Ada, it is believed by those who have made careful inspections of the plans and specifications for the hall. First dirt was broken today and work is now progressing on the construction of the hall. It will be of classic Georgian style of architecture.

The hall will be located on the property formerly owned by Mrs. Allen, just south of the Sutherland Lumber company. It will be 90 feet wide and 150 feet long, leaving 25 feet on each side and about 15 feet at the front. This will leave sufficient space for flower beds and small shade trees, it was pointed out. Walks will be built around the place connecting with the large front steps and the four exit steps two on each side.

The building itself will be made of reinforced concrete with the outside covered with a beautiful face brick. All floors will be of concrete except the floor of the stage which will be of pine. The most complete and modern ventilation facilities will be provided, which include five ventilators in the roof of the building.

The stage will have a 40-foot facing, with an entire width of 90 feet for the scenery and dressing rooms. Laboratories and toilets will be placed in each of the three dressing rooms. The entrance to the stage for baggage will be effected at an opening on the north side, facing the alley.

In the front of the building large concrete steps extending to the sidewalk will be built. On the ground floor will be the stairways and entrance to the main auditorium. On the second floor will be a large banquet and assembly hall, which will afford a meeting place for the Lions Club and Chamber of Commerce. On the south side of this hall, which will be in the extreme east end of the building, will be found rooms for offices and on the north side will be the kitchen. Toilets for both men and women will be found on each floor, with entries direct from the stair hallways.

Directly above the chamber of commerce rooms will be the American Legion Hall. Shower baths, billiard rooms, card rooms and an assembly hall will be provided. On the east wall of the assembly hall a long seat, extending the entire distance of the hall, will be built in. This seat will extend to the top of the large French windows, which will afford lighting facilities for the Chamber of Commerce rooms. The legion hall will be the highest room in the building, and will extend through part of the third floor.

Directly under the stage, which will be located in the west end of the building, will be found the boy scout drill rooms and offices. The boiler room will also be located at that place. Between the drill room for the scouts and the main drill floor for the national guardsmen, will be found storage rooms. In the east end of the building on the basement floor will be found the Red Cross offices and national guard storage room. A billiard room for the guardsmen, and offices for the two companies, will also be found in this section of the building.

The main auditorium will have seven exits. Two of these will be on each side and three will be at the front. Four exits also will be from the stage. An orchestra pit is to be built in. The balcony will be provided with fire escape exits and four exits to the balcony on all sides will be provided. Every office in the building will open to a hall that provides for at least two exits. On every floor will be found toilets and lavatories for men and women.

On the ground floor, at each side of the large entrance doors will be found the ladies club room, rest room and smoking room for men. All these rooms will have a private entrance to the auditorium, making it possible for delegates attending convention to retire if they so desire to a suitable place for rest.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This
Easy Process—Takes Less
Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all

the pure, clean soap you need for kitchen, laundry and all household purposes. You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye hominy, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.

Merry War Powdered Lye is also a wonderful cleaner and purifier for use about the home, barn, chicken house and outhouses. Comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.

Ask your dealer for Merry War Lye—be sure you get "Merry War"—the lye that has made good for 33 years.

MERRY WAR LYE

"Makes Mighty Good Soap"

COLLEGE NOTES

Strickland Gillilan, America's foremost humorist, delighted a large audience of students and town people at the college yesterday afternoon. Most of his talk was composed of wit and humor, with one or two of his poems, and a final appeal for optimism in the face of existing conditions. His appearance here was the first lyceum number of this year for the college.

School work on the first term at the college closed today. The remainder of the week will be taken up by the district teachers meeting, and the second term will begin with enrollment next Monday. Mr. Linscheid estimates that about one hundred students begin teaching Monday, but states that correspondence indicates that that number will be almost entirely replaced by the enrollment of new students for the next term.

Teachers began arriving early this morning for the teachers meeting and came all through the day. A large number of them came overland.

The principal addresses to the teachers meeting this evening will be those of Ex-Governor W. L. Harding of Ohio and R. L. Wilson, state superintendent of public instruction.

Professor Hugh Norris of the college left at noon today for Stillwater where he will attend a conference of manual training teachers of the state. Mr. Norris is one of the originators of the Manual Training Teachers Association, in Oklahoma and is one of the officers of the association.

Some of the students who will begin teaching Monday are: Ollie Hatcher, principal of Central High school of Seminole county; Arthur Vernon, principal of Spaulding high school; Cecil Riddle, principal of a consolidated school in Hughes county; Thelma Hudburg and Lois Emery at Centerville consolidated school.

Prominent Educators Address Retailers at Luncheon Today

Prof. C. W. Briles, formerly president of the East Central Teachers College, and Prof. H. G. Faust, superintendent of the city schools of Shawnee, were the principal speakers at the monthly meeting of the Retail Merchants Association at the Harris Hotel today at noon.

Mr. Briles told of the advantages to be obtained from vocational education, particularly by those boys or girls who are not able to go through high school. They can work part of the time and go to school part. This plan of education is making rapid strides in Tulsa and other industrial centers of the state.

Mr. Faust related some of the problems that are facing the country, particularly along industrial and educational lines. With increased school attendance and with less revenue, the problem of keeping the schools going is acute.

Regular business matters of the Association were taken up and dispensed with.

ANOTHER CHANCE TO RE-REGISTER IN NEW PRECINCTS

A letter has been received from the Assistant Attorney General to the effect that all qualified voters who have been heretofore registered and who were forced to re-register after changes in the precincts in Ada were made, may still register until November 7th. In other words if you have failed to re-register and yet have been here to fore a registered voter, you still have until November 7th to attend to this. This rule is being followed in Oklahoma City and other towns of the state where re-districting was done by the election board.

OIL PRODUCTION FOR WEEK SHOWS SLIGHT INCREASE

NEW YORK, Nov. 2. —The daily average gross crude oil production in the United States increased 6,650 barrels for the week ending October 28, with a total of 582,240 barrels as compared with 575,590 barrels for the preceding week, according to the weekly summary of the American Petroleum Institute. The daily average gross production east of the Rocky Mountains was 1,153,250 barrels as compared with 1,141,600 barrels, an increase of 11,650 barrels.

Oklahoma-Kansas showed a daily average gross production of 493,200 barrels, a decrease of 7,600 barrels. In Oklahoma, production of the Osage nation was shown as 121,700 barrels, against 126,950 barrels, an output of the Bristol pool was 57,650 barrels against 57,750 barrels.

Children's Hallowe'en Party.

Miss Ruth Ragland entertained a number of her little friends with a Hallowe'en party at her home on 631 West Fourth street.

The guests were Georgia and Martha Welch, Beatrice Hodges, Endine Rossen, Trula and Priscilla Williams, Rachel Canavan, Florence Kithley, Nettie Mae Hawkins, Blane and Velma Benton, Opal Parker, Eulanae Lindsey, Lucille Kregg, Robert, Leon and Joe Hodges, Harvey Northcutt, Austin Ebbrie, Olen Parker, Lova Williams, Webster Benton and J. C. Hawkins. Games were played and then refreshments were served. The children reported a very nice time.

TWENTY LITTLE SPOOKS VISIT ELIZABETH PETTIGREW

Twenty little sprites, fairies and ghosts, visited Mary Elizabeth Pettigrew at her home on East Twelfth street last Hallowe'en night. They came very quietly from here, there and everywhere and found themselves in a place all decorated with signs and symbols befitting spooks and lands from whence they came.

Mary Elizabeth guided them through the "Mysterious Attic" to a den where "Blue Beard" was found—each shaking his hand to prove they had no fear even of one so villainous. After many games and contests the visitors unmasked and were found to be little girls and boys who greatly enjoyed eating the popcorn balls, fruit and doughnuts served them by Elizabeth's mother, Mrs. L. E. Pettigrew.

MRS. M. A. WAITS ENTERTAIN FOR HER CHILDREN

On Tuesday evening, Mrs. M. A. Waits assisted by her niece, Miss Pauline Waits entertained for her children with a Hallowe'en party. The house was profusely decorated with the things pertaining to Hallowe'en. The guests arrived in due time, wearing the very spookiest costumes and this afforded lots of merriment and joy trying to distinguish who was who. Then they were led through spook lore which furnished plenty of shrieks and shrills, and an hour was spent in playing Hallowe'en games after which refreshments were served consisting of ginger cake and an ice. Those that attended were Chas. Wilenzick, Bunny Witherspoon, Jeff Laird, Samuel Howell, Lindell Walters, Barker Story, Henry D. Johnson, Austin Treadwell, Strovall Stall, Carl Ledford, Leon Todd, Raymond Kilcrease, Rose Patterson, Helen Meaders, Margaret Meaders, Mamie Elizabeth Grigsby, Anna Cathrine Grigsby, Mildred Settles, Mary Pettigrew, Paula Waits, M. A. Waits Jr., Misses Fern Martin, Louise Martin and Mrs. Pettigrew.

MR. AND MRS. J. W. DEAN ENTERTAIN FOR DAUGHTER

Mr. and Mrs. J. W. Dean, assisted by Miss Ophelia McCurry and Mrs. Lee Cook, entertained for their little daughter, Dubie Lee, with a masquerade party last evening from 7:30 to 10. Autumn foliage, black cats, jack o'lanterns and orange and black streamers decorated the rooms in exquisite form. A gypsy fortune teller told fortunes throughout the evening, which was enjoyed by all. After engaging in numerous games the guests were served with refreshments consisting of nuts, candies, fruits, ice cream and cakes. At 10 o'clock all departed for their homes declaring the occasion one long to be remembered. The guests present were: Imma B. Gregg, Margaret Chilcutt, Ruth Hennigan, Alpha Emery, Lucie Erwin, Josephine Reed, Aylene Duncan, Zelma Daily, Virginia Derrick, Vera Derrick, Louise Collins, Edna Daily, Emily Anderson, Katy Lee Howard, Imogene Brown and Emily Lou Cook. Herbert Laird, Loel Shannon, Al Hardige, Ray Lawyer, Johnnie McKinley, Eugene Ford, Clinton VanCuren, Robert Lee Williamson, Edwin Derrick, Jack Conn, Troy Melton, George Kitchell, Beach LaSalle, Douglas Lasater, L. J. Gregg, Stanley Dean, Elwood Goddard and Sam Howard.

Gold and Blue Party.

In keeping with the Hallowe'en season, the Gold and Blue B. Y. P. U. of the First Baptist church Tuesday evening entertained with a party in the church building. Guests were received in the Sunday school annex, where a program was carried out. Later they were taken to the basement of the church for refreshments.

All guests were costumed and masked. It was one of the most successful social affairs the organization has undertaken since its recent reorganization. Decorations were elaborate and in keeping with the season's holiday.

Hallowe'en Evening With Telephone Employees

In the girls rest room of the Southwestern Bell Telephone company, the Southwestern employees entertained a host of friends with a costume party. Games and dancing were enjoyed throughout the evening. At a late hour delicious salad, ginger bread, apples and chocolate were served. Everyone reports a delightful evening.

One sanatorium is giving its patients a half hour's flight in an airplane each day as a treatment for mental depression.

LEHIGH SCHOOLS
SHOW PROGRESS

Enrollment Shows Gain
Over Report for the
Year 1926.

LEHIGH, Nov. 16.—By Thanksgiving, the third month of school, here will have closed. And school prospects for 1922 are fairly well evident. At this time our report shows a total enrollment of 420, including the 65 in high school. Comparing with two years back, we find on this date 1920 a total of 441, including the M. S. enrollment, which at that time was 40. The November report of last year, (1921) shows 400 in grades, plus 67 at that time enrolled in H. S.

From which a decrease appears about equivalent to what 1921 had gained over 1920. Usually school authorities anticipate and accept a constant increase. The only consolation to be derived from this tabulation that even in enrollment, the school still equals just about what it did in 1920, when Lehigh was some little city with all mines running. And further, we see that the High school is much more flourishing, now than then, or at any time in the past.

The actual number in seats, however, on Monday, Nov. 13, was only 329, which is not a good showing for enrollment of 420. The per cent of attendance is not good, nor is the record for pupils tardy. Instead of 111 perfect in attendance, this school should have in November, 211 not absent nor tardy since the first day.

Education Week comes soon. If Lehigh's plans mature, southeastern Oklahoma will know that Lehigh's schools are running just as if coal had been rediscovered. It has been said that agriculture is a better friend to the school than mining. If an agricultural expert is desired on the faculty, plans should be made during National Education Week, set by the National Department of Education, supplemented by the proclamations of the president and governors of every state for Dec. 3-9. But Lehigh is to make it include two Sundays, viz. 3-10. Watch for announcements and come to the session in which you are interested.

A good sized barn is being erected on school property at Washington building for the purpose of properly housing the stock and vehicles of those attending school from a distance.

Sets of histories and maps have been added to the library recently, and the play apparatus has been improved and increased by the addition of horizontal bars, and swings. Ward buildings are to receive part of this equipment as soon as it can be completed.

Special emphasis is being given the Commercial Department. There is a large bookkeeping class, and five typewriters are merrily keeping time for blindfolded operators. No small city has a higher commercial rating, if you doubt it, ask those who know.

While athletics is only a side line in this school, so much improvement has been made, that some mention of it should be noted in closing. For example, consider the little football team. Of the ten games to be played, seven have been recorded in history. No, not all victories, but there were only two defeats, and after Thanksgiving, it will be 8 to 2. Lehigh's scores total up 123 to 59 made by such villages as Kiowa, Wapanucka, Coalgate, Allen, etc.

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream. Adv.

Texas Longhorns and Old Rivals, Sooners, to Meet Again at Norman Saturday

NORMAN, Okla., Nov. 16.—(Special)—The Longhorns of Texas will meet the Sooners for the twenty-second time on the gridiron Saturday and in the long line of games, history shows that Oklahoma has won eight games, tied one and lost 12 to the southern neighbors.

Every year but three since 1900, the two elevens have met and in 1901 and 1903 they met twice. In 1918 the war broke into the annual game and in 1920, Oklahoma had to give up the Texas game on account of joining the Missouri Valley conference which did not permit the Sooners playing in a town other than the home town of the one of the two schools playing. Oklahoma and Texas had met for years at the Texas state fair at Dallas and the athletic departments of the two schools felt that Austin and Norman were too far separated for home and home games.

The Texans this year have walked over all opposition except Vanderbilt and Oklahoma has been walked on twice, tied once and victorious twice. The powerful Nebraska and Kansas teams defeated Oklahoma decisively while Missouri and Central fell as decisively before Oklahoma.

The Sooners are in a battered

condition following four successive conference games with the Kansas Aggies, Nebraska, Kansas and Missouri and several of her stars are on the cripple list although the coaching staff hopes to present a powerful front to the visiting Texans Saturday. This will be the last home contest for the Sooners this year.

Past Texas-Oklahoma games:

1900—Oklahoma	2, Texas	28
1901—Oklahoma	6, Texas	12
1901—Oklahoma	0, Texas	12*
1902—Oklahoma	6, Texas	11
1903—Oklahoma	6, Texas	6
1903—Oklahoma	5, Texas	11*
1904—Oklahoma	10, Texas	40
1905—Oklahoma	2, Texas	0
1906—Oklahoma	9, Texas	10
1907—Oklahoma	10, Texas	29
1908—Oklahoma	50, Texas	0
1909—Oklahoma	30, Texas	0
1910—Oklahoma	0, Texas	34
1911—Oklahoma	6, Texas	3
1912—Oklahoma	21, Texas	6
1913—Oklahoma	6, Texas	11
1914—Oklahoma	7, Texas	32
1915—Oklahoma	14, Texas	13
1916—Oklahoma	7, Texas	21
1917—Oklahoma	14, Texas	0
1919—Oklahoma	14, Texas	7

Total— 225 286
*Two games were played in these years.

Work to Relieve Suffering Carried out by County Red Cross, Annual Report Shows

Preparatory to launching the annual drive for funds to support the Pontotoc county Red Cross in its useful aid to ex-service men, disabled through their service in the world war, Mrs. Orville Sneed, local secretary has compiled a complete report of the activities of the Pontotoc county chapter Red Cross during the past year.

While chapters of the American Red Cross throughout the country are somewhat dependent upon each other in carrying on their work, each chapter must avail itself of funds to carry on the work in self-supporting manner. Disabled veterans traveling from one part of the country to another are assisted by Red Cross chapters at terminal stop-over stations. Other parties in need receive similar services through the efficiency of the Red Cross.

Work Favorable Here
Mrs. Sneed, secretary, in her report points out that the Pontotoc county chapter Red Cross has endeavored in every instance to carry their work on as economically as possible and at the same time render competent service to the needy.

The local chapter was receiving in December, 1921, monthly \$16,000, which represents a total of a quarter of a million dollars annually from the government. Many ex-service men, who were at that time receiving allotments are in dire need of further compensation. The local chapter has been instrumental in appealing in his interests.

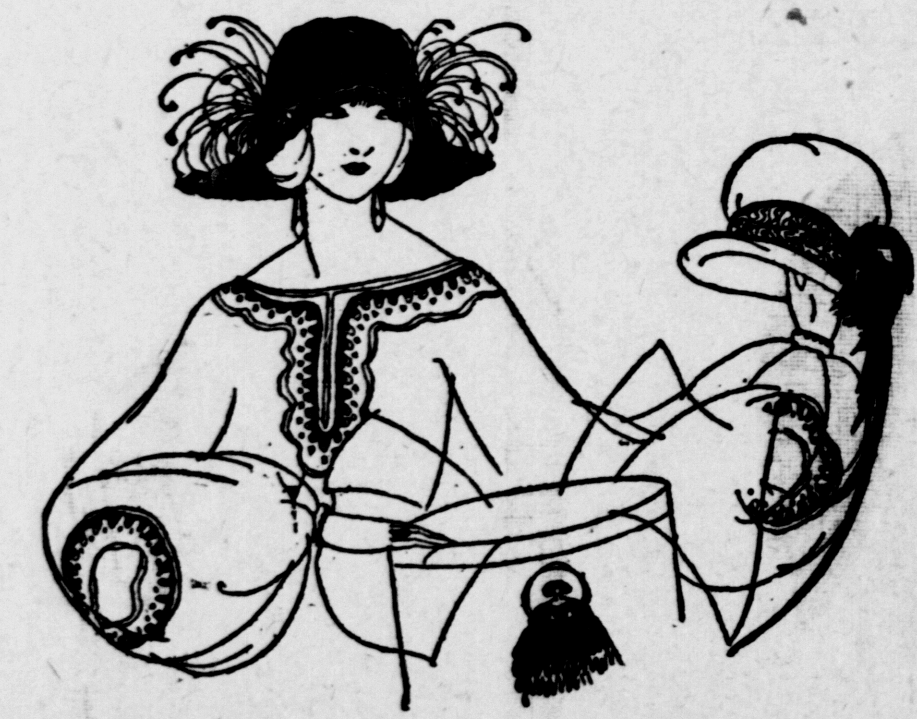

Following is an itemized report of activities of the local chapter Red Cross:

Cases pertaining to compensation 387; cases pertaining to vocational training 223; cases hospitalized 127;

discharged from service 28; recommendations for discharge, not yet acted upon 9; boys at present in hospitals 26; certificates for lost discharges 33; head stones for graves 19. One has to have a disability sufficient to entitle him to compensation before he is eligible for vocational training. Boys with active tuberculosis are not eligible for vocational training. We have had contact with more than 200 tubercular cases this year; most boys who were gassed are developing tuberculosis.

SUNSHINE
Another fine rain Sunday. The farmers can plow now. This rain made some stock water which was badly needed.
Meeting commenced at Sunshine Saturday night to last one week.
A. C. Nabors went to Ada Saturday. H. D. Lee, S. N. Cantrell, and H. G. Brents went to Ada Saturday.
W. H. Brents went to Oklahoma City Friday.
J. W. Kirkis and wife went to Fitzhugh Monday.
The election is over and part of the people seem to be satisfied. Three cheers for Jack Walton!
School has commenced at Sunshine again.

LIBRARIANS TO
HOLD MEETING

Hot Springs to Gather
Thousands in Annual
Session.

(By the Associated Press)
HOT SPRINGS, Ark. Nov. 16.—More than one thousand librarians and trustees of public, college, school and other libraries are expected to attend the annual conference of the American Library association, which is to be held here the last week in April, next year.

The association has in its membership more than 6,000 librarians and library trustees in almost every section of the country. It has for its purpose the advancement of the library profession and the establishment and development of libraries everywhere.

Next year's meeting is being planned at the request of many southern members of the association who feel that the publicity resulting from such a meeting will help to forward the library movement in that section of the country. Many persons in the south who have not attended meetings because of the distance from home, plan to journey to Hot Springs to take part in the program and deliberations, officials announce.

Work on the program has already been started by George B. Utley, librarian of the Nedberry library, Chicago, and president of the association. Members of the executive board are: Julia Ideson, Houston; Chalmers Hadley, Denver; Josephine A. Rathborne, Brooklyn; Malcolm G. Weyer, Lincoln, Neb.; Edward D. Tweedell, Chicago; H. H. B. Meyer, Washington; William W. Bishop, Ann Arbor; Gratia A. Countryman, Minneapolis; George S. Godard, Hartford; Carl B. Roden, Chicago; James I. Weyer, Albany.

The duel, practically extinct in the United States, is common in Latin America, where such encounters frequently are fatal and seldom punished, though nominally against the law.

FRATERNITY MEN
UNITE TO SOLVE
RENTAL PROBLEM

(By the Associated Press)
NEW YORK, Nov. 16.—College fraternity men are the latest New Yorkers to turn cliff-dwellers.

The high price of lodgings, which has driven many families from private houses into apartment houses, has caused members of various fraternity clubs to seek a common roof.

To meet this need the Fraternity Clubs Building, a sixteen story structure, is being erected at Madison Avenue and 35th street.

Members of the various clubs, nearly all of them college graduates, will have their own private club quarters and sets of sleeping rooms, but while they may lounge and slumber under the Greek emblems of their own brotherhoods, they will eat and exercise in a communal dining hall and gymnasium.

The house committee will comprise a representative of each participating club. National headquarters of several fraternities will be located in the building.

Serving on the honorary board of the housing committee are Newton D. Baker, former Secretary of War; Major General Robert L. Bulard; T. Coleman DuPont; Byron P. Harrison; Will H. Hays, former Postmaster General; Secretary of State Hughes; Joseph E. Ransdell; Rev. Dr. Ernest M. Stires; Oscar W. Underwood and former Governor Charles S. Whitman.

WILSON.
We were visited by a nice rain Sunday and we did not have any Sunday school.

Mr. and Mrs. Berryman spent Saturday night and Sunday with home folks.

Otis Webb spent Friday night and Saturday night with Haskell Hall.

Misses Launa and Mexico Stewart were the guests of Jewel, Chloe and Opal Fussell Saturday night, Sunday and Sunday night.

Misses Lorena and May Arnett and Ruby Hill spent the night with Opal and Chloe Fussell Thursday night.

Mrs. May Irven and little daughter spent the day with her sister Thursday.

Mr. and Mrs. Weiss Nail spent Thursday night with his mother.

OBITUARY

Asia Adwood, living four miles southeast of the city, died at his home last night. Funeral services were held at the residence at 10 o'clock this morning. He leaves a wife and two children, and was 39 years of age. Burial took place in Highhill cemetery.

J. P. Gotcher, chief of police for a number of years during the administration of Gary Kitchens as mayor until bad health forced him to resign early this year, died at his home at 317 West Seventeenth street at 3 o'clock this morning.

Mr. Gotcher was ill for several months and his condition grew continually worse, first forcing him to resign from the police department and later confining him permanently to his home. He leaves a widow, a son, Arthur, and two daughters, Mrs. Cale of Henryetta, Tex., and Miss Dortha of this city.

Funeral services will be held at the residence at 2:30 p. m. Friday with Rev. Tierney of the Christian church, in charge. Mr. Gotcher was born October 4, 1865, in Tennessee, and was 57 years of age. He had lived in Ada many years and was well known in this vicinity. He made a good record as police chief and was highly commended by Mayor Kitchens, even though he was forced to reserve his activities somewhat because of continued ill health.

Burial will take place in Rose-dale cemetery.

All intoxicating drinks known to the ancients seem to have been fermented, the art of distilling liquors being first mentioned by Al-bukansen, an Arabian physician of the tenth century.

YOUTH WEDS OWN GRANDMOTHER BUT UNION'S ANNULLED

George Eye and his grandmother, Rebecca Eye.

George Eye, eighteen, of Calais, Maine, was married recently in St. Stephen, N. B., to his own grandmother, sixty-three. Rev. W. Goucher, who performed the ceremony, was unaware of the relationship until after the ceremony. When he learned of it he destroyed the marriage certificate, annulling the marriage and returned the wedding fee.

COLLEGE NOTES

Assembly at the college this morning opened with a number by the college band. Rev. Widney conducted the devotional exercises and President Linscheid made the announcements. Following the announcements, the Rev. J. Franklin Clark, national secretary of the Episcopal church, spoke to the students. He emphasized the position of the school teacher in the destiny of the nation

and stressed the fact that a man's worth is not measured in money but in service. The band rendered another selection and assembly was dismissed.

President Linscheid reports that extension classes are being organized this week at Mill Creek, Central Rural Consolidated school near Maud, Wanette, and Tecumseh. At the present time there are nearly 200 students enrolled in the extension classes. Most of these are teachers who are doing advanced work.

There will be a pep meeting at the college at 7:15 this evening.

For the average healthy man, engaged in ordinary work, 118 grams of proteins, fifty-six grams of fat, 500 grams of carbohydrate, thirty-nine grams of salt and three liters of water has long been recognized as the ideal daily food allowance.

Newberry's Senate Seat is Again in Political Danger

Above, Senator-elect Ferris, left; Newberry, center; La Follette, right. Below, Senators-elect Shipstead, Minnesota; Edwards, New Jersey; Ralston, Indiana, and Copeland, New York.

(By Central Press)
WASHINGTON, D. C., Nov. 13.—The senate seat of Truman H. Newberry of Michigan today hangs in the balance only by the merest thread if the boast of the anti-Newberry solons is to be believed.

Acquitted by his colleagues of the charges of excessive expenditures in his campaign of 1918 against Henry Ford, Newberry now faces another fight to retain his seat.

Anti-Newberry forces in the senate now claim fifty-one votes as a result of the recent elections in which seven of Newberry's staunchest defenders were defeated for re-

election, including his colleague from Michigan, Senator Townsend. On the other hand, his opponents boast of eleven anti-Newberryites were re-elected, including Senator LaFollette of Wisconsin, and "Fight ing Bob" is the arch-enemy of his Wolverine colleague.

Senator-elect Ferris of Michigan has declared that his first official act will be to force the reopening of the Newberry case in the senate. In this he will be aided and abetted by Senators La Follette, Shipstead, Copeland, Edwards, Ralston and Bruce.

But the senate may never have occasion to reopen the case. New-

berry's secretary already has announced that the senator is in ill-health and though it has been denied the report persists that Newberry will resign rather than face his reinforced enemies on the floor. The vote to sustain Newberry last January was forty-six to forty-one, with nine senators not voting. Of these forty-six seven were repudiated at the last election. Seven of the anti also lost their seats by death, defeat or retirement, but this loss was more than made up by the anti who won all these fourteen seats.

LATEST PICTURE OF LADY ASTOR, SEEKING RE-ELECTION TO HOUSE OF COMMONS

Lady Astor with one of her children.

Lady Nancy Astor, England's first woman M. P., is seeking re-election to the British house of commons and is confident her constituents will return her to the house.

LOCAL CAGERS TO ORGANIZE LEAGUE

Five Teams to List in the Proposed Basketball League for City.

First definite steps towards the organization of a basketball league for the city were taken at a meeting of basketball players held at the Chamber of Commerce rooms last evening. Pat Bentley was elected president of the basketball association and a committee to draw up laws and regulations was appointed.

It was planned to organize a league with a six-team membership. The same teams that held memberships last year will be admitted, it was said. Varsity players of the college, however, were ruled ineligible to play in the league, giving the weaker teams a chance to win. Tiger Cubs from the college, Na-

tional Guards, Cement Plant, Ada News team, Business college and high school will be represented. In case any of these teams do not want memberships, a second team from the college, going under the name of the "Frogs" probably will be admitted. It is also probable that a clerk's team may want membership in the league.

All players of the city will be given an opportunity to play with one of these teams, according to plans agreed to last evening. Cement plant, Ada News, Business college and National Guards may be forced to recruit players from down town. This will be permissible, is was agreed.

Steps will be taken in the near future by a committee appointed to work with the president of the league to install a basketball court in the national guard armory on North Broadway. Seats will be built and a court marked off, goals put up and screens protecting windows fixed as soon as possible, in order to permit the players to start practicing.

High school players will practice at the high school and Cubs will practice at the college gym, but the other teams will be forced to use the armory for practice work. Managers of the various teams will be appointed as soon as possible. An admission price of ten cents to all will be charged. This will in-

TYROLA NEWS

School began Monday November 6, Misses Annie and Lilla Perry teachers. Attendance is small but hope it will soon be larger.

There will be a pie supper at the school house next Friday night. The proceeds are to be used for buying supplies for the school. Everyone is invited.

Tourist Trade Wanes

(By the Associated Press)

GENEVA, Nov. 16.—The tourist trade in Switzerland has fallen to such a low ebb that Swiss railroads are considering ways and means to revive it. To this end they

have offered reductions in railroad fares amounting to 50 per cent to English tourists, effective January 1. A similar reduction probably be offered later to Americans.

Some of the best detectives in New York city are women.

EVERYTHING IN READINESS FOR E. C. MEETING

Vanguard of Teachers of
of District Expected to
Arrive Today.

MANY ARE EXPECTED

Sessions Will Begin Thurs-
day Evening and Close
Saturday.

Final preparations for what is be-
lieved to be the largest and most
successful meeting of its kind ever
held in this district were started
today and committees in charge of
the program for the Seventh Annual
meeting of the East Central Okla-
homa Educational Association were
today looking forward to the arrival
of the first delegates.

The meeting is held for every
teacher in the district. Many of the
larger cities report that 100 per
cent representation may be expected
and some counties are confident of
having an almost perfect representa-
tion at the meeting. Many promi-
nent speakers will appear before the
various assemblies and questions of
vital importance to those who en-
gage in the work of teaching will
be discussed.

The reception committee has been
very active. It is composed of local
business men, students and faculty
members of the college. A large
number of welcome will be placed on
the street today. Ada Chamber of
Commerce has prepared to assist the
local Teachers college both finan-
cially and otherwise in making the
association meeting a success.

A local transfer company has been
engaged by the commerce body to
furnish free transportation to the
teachers all during the meet. Bag-
gage hauling facilities will also be
furnished. A free check room will
be maintained at the commerce
rooms. General headquarters of the
association meeting will be in the
reception rooms at East Central col-
lege in the administration building.

Boy Scouts will assist in showing
the teachers to their rooms, which
are being provided by local resi-
dents. Hotel facilities are not ex-
pected to accommodate many of the
visitors. Many local business and
professional men have offered their
cars for the service of the teachers
during their three day assembly here
to talk over matters pertaining to
the teaching profession.

Five local committees—executive,
accommodations, decorations, infor-
mation and reception—were appoint-
ed and have carried out their duties
as far as possible at this time. It
is reported that first teachers are
expected in this afternoon and they
will be arriving all day Thursday.

One of the chief entertainment
features of the meeting will be a
football game between Ada high and
McAlester high on the college grounds
Friday afternoon. Other enter-
tainments for the college visitors are
being planned and every necessary
step will be taken to make the
visit of the teachers of this dis-
trict as enjoyable to them as pos-
sible.

First of the four general assem-
blies will be held in the auditorium
of the administration building Thurs-
day evening, November 3, begin-
ning at 7:30 o'clock. Friday morn-
ing at nine o'clock the second as-
sembly will be called to order at
the same place followed by the
third assembly that evening. On Sat-
urday morning the closing assembly
will be held and election of officers
and adoption of resolutions and other
business matters will be taken up.

Departmental meetings for every
phase of teaching will be held at
various rooms in the education
and administration buildings Fri-
day afternoon preceding the foot-
ball game.

OIL NEWS

The Kaulfield Oil Company of Tul-
sa has the rig up for a test between
Sasakwa and Konawa in the south-
ern end of Seminole County. The
test is to be at least 3,500 feet. If
that depth is necessary.

The same company with J. A.
Johnson is also making another test
in the adjoining section, a like depth
to be reached.

These wells are being drilled by
the Bison Drilling and Producing
Company of Ada. This company is
composed of "Cliff" Skirvin and
"Doc" Sandbach, both men of ex-
perience in drilling in Oklahoma and
Kansas.

These two tests will be watched
with keen interest. They are not far
across the river and their coming
in producers would benefit Ada and
this entire section.

Messrs. Skirvin and Sandbach go
from Ada to the wells in less than
an hour. With a bridge across the
river at Byrg, the trip would be a
matter of only a few minutes.

HEPBURN WILL AID IN GETTING FACTS ABOUT SHOOTING

(By the Associated Press)

OKMULGEE, Nov. 1.—Announce-
ment today by County Attorney Hep-
burn that he was going to Henryetta
to conduct an investigation into the
shooting affair at Schuler City
Sunday night which resulted in the
death of 10 persons.

Mr. Hefburn said that he would
not succeed his assistant, Lon D.
Williams, but action together in a
thorough investigation would be
conducted into the shooting in an
effort to bring all the guilty persons
to the bar of justice.

VARIOUS WAYS OF VOTING EXPLAINED

Voter Can Stamp Emblem
and Vote for Individuals
in Other Parties.

Although many voters have been
under the impression that to stamp
under the emblem of any one party
in the general election next Tuesday
would mean that they cannot vote
for any candidate under another
emblem, this is not the law. Accord-
ing to the law, a voter may stamp
under the emblem of one party, and
then stamp before the individual
name of any nominee of any other
party. This would mean that he has
voted for every party candidate
except the nominee or nominees
before whose name or names he
stamped in another column. He can
stamp split his ballot, voting for all
Republican Democrats or Socialists
except one, two or more. In other
words, the cross under the
emblem means that the voter is
voting for every name in that
party column except the opponents
before whose names the cross oc-
curs in another column.

The law in this respect says:
"In general elections, ballots
stamped under the device of more
than one party, shall not be count-
ed. Ballots in general elections,
when stamped under the device of a
political party and in the square
in front of names of individual can-
didates of another party, shall be
counted for the candidate of the
party under the device of which
the stamp is, except it shall be
counted for the candidate of the
other party for whom the elector
stamped in the square opposite their
names."

Every elector is given an option
of three ways of voting:
1. He may stamp in the circle
under the party emblem. A ballot
so stamped should be counted as a
vote for every candidate whose
name appears under the emblem.
2. The voter may disregard the
circle under the party emblem and
stamp in the squares before the
names of the individual candidates
for whom he desires to vote.
3. The voter may mix these two
methods. He can stamp in the
circle under the party emblem and
stamp in the squares before the
names of the individual candidates,
appearing in other columns. A bal-
lot so voted should be counted for
all the candidates of the party, un-
der whose device the voter has
stamped, except the candidates in
front of whose names he has speci-
fically stamped and should be count-
ed for them.

Mrs. Gibson Gives
More Details of
New Jersey Killing

(By the Associated Press)

NEW BRUNSWICK, N. J., Nov. 1.—In her account of the Hall-
Mills murder Mrs. Jane Gibson
told the authorities that a few mo-
ments before the shooting she heard
one of the women under the crab
apple tree exclaim:
"Then explain these letters."
This part of Mrs. Gibson's story
came to light through a conversa-
tion she had with a neighbor. There
was a moment of heated argument,
it was said, and then without warn-
ing the shooting.

Notes said to have passed be-
tween the Rev. Hall and Mrs. Mills
were found strewn about their
bodies under the tree.

Want Free Port in Japan

KOBE, Japan, Nov. 1.—Shipping
interests have started a movement to
induce the government to establish
a free port in Japan, to enable Jap-
anese importers to compete more suc-
cessfully with the merchants of
Hongkong for the trade of China.
Kobe is the port which most of the
supporters of the scheme believe to
be best adapted for the purpose. Mr.
Toru Ishii, managing director of the
Nippon Yusen Kaisha, declares the
lack of such a port prevented Japan
from becoming the trade center of
the Orient.

PRAYING PRISONER FACES HIS FATE IN GEORGIA TRIAL

Minister Confesses Slaying
of Girl Wife and His
Mother-in-Law.

OPENED WITH PRAYER

Says Modern Girls Make it
Difficult for Men to
Preach the Gospel.

(By the Associated Press)

STATESBORO, Ga., Nov. 1.—The
trial of Eliot Padrick, former min-
ister who confessed the slaying of his
girl wife and mother-in-law, Mrs.
Mamie Lou Dixon, now rests with
the superior court jury. Indications
this morning were that a verdict
would be reached during the day.

That Padrick's attorneys expected
and asked nothing more than a ver-
dict of guilty and recommendation
of clemency, was made clear by their
closing arguments.

The attorneys told the jury they
would be content with a verdict
which provided for life imprisonment,
but pleaded with the twelve
men not to "hang a crazy man."

Padrick has been on trial for the
alleged murder of Mrs. Dixon for the
past two days and closed his
defense with a dramatic sermon to
the jury declaring that he shot his
wife because of her indiscretion. The
text was based on the command-
ment "Thou Shalt Not Commit
Adultery." After opening with
prayer, the former minister declared
the temptation of modern women
made it difficult for a young man
to enter the ministry.

Defense attorneys introduced evi-
dence tending to prove that Pad-
rick was insane at the time of the
double killing, and has been of un-
sound mind most of his life.

MEXICAN REBEL GENERAL SHOT

Murguia, Captured in Du-
rango, Faces the Fir-
ing Squad.

(By the Associated Press)

EL PASO, Tex., Nov. 1.—Gen.
Francisco Murguia, the rebel leader,
was executed by a rifle squad at 9
o'clock this morning, according to
a telegram from Mexico City re-
ceived at the custom house at Juarez.
The execution took place near Dur-
ango where General Murguia was
captured last night.

Paulino Guerrero, collector of the
custom house at Juarez, declared it
was an official execution.
"The execution took place un-
der military rules and the informa-
tion is correct," it was announced at
the Mexican consulate in El Paso.

Churches Appeal to
Public Not to Let
in Beer and Wines

(By the Associated Press)

WASHINGTON, Nov. 1.—An ap-
peal to "all Christian people to ex-
ert every influence to secure the
impartial enforcement of all laws,"
was issued today by the Federated
Council of Churches of Christ in
America. It declared the "announ-
cement of the program of the forces
opposed to prohibition is a direct
challenge to the church and the
friend of orderly government," be-
cause they proposed to support a
candidate in the coming election
who will vote to legalize the manu-
facture and sale of intoxicating
beer and wine.

American Seamen
Objects to Pitgalls,
on Some Boats

(By the Associated Press)

SAN FRANCISCO, Nov. 1.—A
letter to President Harding from
Andrew Frusueuth, president of the
International Seamen's Union, sug-
gesting that the administration
should attempt to solve the problem
of Asiatic workmen on American
ships, was made public by Frusueuth
here today.

Frusueuth charges that American
boys were being driven off the sea
"because they had refused to work
and eat and sleep with Chinese
coolies."

There is a total game refuge area
of 60,000 acres in Ohio.

NAMED FIRST LORD OF THE ADMIRALTY IN BRITISH CRISIS

Lieut. Col. L. C. M. Amery.

Lieut. Col. L. C. M. Amery be-
comes first lord of the British ad-
miralty in the cabinet named by
Andrew Bonar Law, new premier.
Colonel Amery has been parlia-
mentary and financial secretary to
the admiralty since last year.

RAINS WILL AID OKLAHOMA WHEAT

Large Acreage Planted in
Dry Time Will Come
Up Now.

OKLAHOMA CITY, Nov. 1.—
Growing wheat which has been
making slow progress on account
of scant moisture was materially
benefitted by moderate to heavy
rains which fell over most of the
state yesterday and today. Before
saw the weekly weather review is-
sued here today by the United
States weather bureau. The precipi-
tation was too light however, over
most of the western portion of
the state, to more than temporari-
ly relieve the drought, the report
adds.

The rains in general will bring up
a large acreage of wheat that has
been seeded in dry soil, according
to the summary. A considerable
wheat acreage is still to be planted.
Cotton picking is practically
finished and ginning is well ad-
vanced. It is estimated that less than
5 per cent of the crop is still in
the fields.

Harvest of corn, grain sorghum
and minor crops is also near com-
pletion.

MEXICAN REBEL IS CAPTURED AT LAST

(By the Associated Press)

MEXICO CITY, Nov. 1.—General
Francisco Murguia, arch enemy of
President Obregon for many years
and one of the men who took part
in the fight that brought death to
former President Carranza, has fallen
into the hands of federal troops
and his career as a dangerous rebel
is thought to have come to an end.

With a little band of followers
who are remnants of his most recent
rebel army, General Murguia was
surrounded yesterday afternoon near
Durango City and captured. He was
announced last night at the presi-
dent's office. Whether he will be
taken to Rancho City for trial by
court martial or be brought to the
capital and publicly executed has
not yet been determined.

Women Object to
Planting Tree to
Roosevelt's Memory

(By the Associated Press)

MONTGOMERY, Ala., Nov. 1.—
One of the reasons why a tree in
honor of the memory of President
Roosevelt should not be planted on
sacred ground of Alabama's capitol
is given by the United Daughters
of the Confederacy because Roose-
velt appointed a negroess, Lillian
Cox, as postmistress at Indianola,
Miss. It is also said that while
president, Roosevelt had chiseled
from a bridge near Washington the
name of Jefferson Davis. It is
claimed that at the time Roosevelt
virtually said that Jefferson Davis
was a traitor. To dedicate a tree
to Roosevelt's memory on sacred
ground after these incidents would
not be tolerated, it was declared.

Order of the Rainbow

Assembly No. 7 will meet Thurs-
day evening, November 2, at 8
o'clock at the Masonic Hall.
Romona Knott, Secretary.

Try News Want Ads for results.

WALTON RALLY TO BE HELD HERE THIS EVENING

Democratic Nominee and
Party to Arrive From
Tishomingo at 6:00.

SPEAKING AT 8 P. M.

Reception of State Candi-
dates to be Given at
Hotel by Citizens.

Mayor Jack Walton, Democratic
nominee for governor, with his
party is expected to arrive in Ada
this evening about 6 o'clock, com-
ing from Tishomingo.

A reception will be held at the
hotel about 6:30 at which time the
citizens of the town and county
are invited to meet the Mayor. This
is not to be a strictly Democratic
affair, according to announcement,
and all are invited to attend, ir-
respective of politics.

Many state officers and Demo-
cratic nominees for state offices are
with the Mayor's party. These will
be in the reception and will be glad
to meet their friends and all the
voters when they arrive here.

Local citizens point out that every
one who can possibly do so should
meet and hear the Democratic nomi-
nee tonight. They will then be in a
better position to judge as to the
fitness of office. John Fields, Republi-
can nominee, was here several
weeks ago and had a full house to
hear him.

Judge Orel Busby, manager of
the campaign for this county, stated
this afternoon that speakers will
be present to address an overflow-
ing crowd in case all cannot get into
the building to hear Mr. Walton.

The speaking will begin about 8
o'clock and will be held in the Pon-
toto building at the corner of
Main and Rennie, just across the
street from the Harris Hotel.

MINNESOTA FAIR BARS LAFOLLETTE

(By the Associated Press)

MADISON, Wis., Nov. 1.—Govern-
or Elaine in a telegram today to
Governor K. A. Preusse of Minnesota
said that he "wished to express the
greatest regret of the people of
Wisconsin that the authorities of
Minnesota have seen fit to deny a
United States senator from this state
the right to speak in a public place
there on the grounds that his po-
litical views may differ from those
of the public officials."

Governor Elaine's message in-
spired by the refusal of the Min-
nesota fair board to permit Sena-
tor LaFollette to speak on the fair
grounds of that state informed
Governor Preusse that officials of
Wisconsin would gladly extend ev-
ery courtesy to high officials of
Minnesota.

Farmer Killed in
Automobile Wreck
and Daughter Injured

(By the Associated Press)

STIGLER, Nov. 1.—Crushed be-
neath an overturned motor car,
Charles Gabriel, aged 89, retired
farmer of this city, was killed and
his daughter Miss Wilma, aged 45,
was probably fatally injured yester-
day. The latter is presumed to
have lost control of the car. The
automobile leaped from the road
and started up a steep embank-
ment. As it reached the top it
started down and overturned.

Gabriel lived but a moment af-
ter being removed from the wreck.
His daughter sustained a fractured
skull in addition to internal injur-
ies and has been unconscious since.

BOY DIES FROM WOUND
ACCIDENTALLY INFLECTED

PONCA CITY, Nov. 1.—Horace
Witmer, a high school boy died
here last night from the effects
of a gun shot wound self-inflicted.
Young Witmer and some companion
were target practicing Sunday with
a revolver. In some manner the
gun was discharged while in the
young man's hands. The bullet
penetrated the liver.

MORE COTTON IS CONSUMED IN U.S. EXPORTS DECLINE

According to the report of the cen-
sus bureau 495,244 bales of cotton
were consumed in the United States
during the month of September,
which was a trifle more than 10,000
bales above the corresponding month
of 1921. In comparison with Sep-
tember, 1921, there was a decrease
of 1,100,000 bales on hand in con-
suming establishments and in pub-
lic storage and compresses.

Exports showed a sharp decline,
falling off for September being 368,
890 as compared with 532,839 for
September 1921. For the two months
of the present cotton year the fig-
ures were 642,198 as against 946,
330 for the corresponding month of
1921. Great Britain took a larger
quantity than a year ago, Italy a
small increase, but all other coun-
tries took much less than in 1921.

STEET SWEEPER TO ARRIVE ANY TIME

New Machine to be Used in
Effort to Keep Streets
Free From Trash.

The receipt of a street flusher
by the city street commissioner's
department, is expected almost daily
Walter Smith, commissioner of pub-
lic works and property and in
charge of the street cleaning de-
partment of the city administration,
said today.

The flusher has been ordered
and will be put in use as soon as
it arrives, he said. It will be of
modern design and will force water
on the pavement strong enough to
wash objects as heavy as bricks in-
to the storm sewers.

This flusher will be the first ar-
ticle added to the street cleaning
department since the first pave-
ment was put in. An old broom,
which has been in use many years,
is still the only means of cleaning
the city streets.

It is pointed out that after the
flusher is put into use, the streets
can be flushed every night and each
day will see a city with paved
streets washed clean of all de-
bris and trash. This will also elimi-
nate the necessity of maintaining
a man for the purpose of hauling
the dirt and trash from the streets
after it has been swept into the
gutter.

Other improvements are being
contemplated by the street depart-
ment. Mr. Smith said that all pos-
sible steps had been taken and
were now being taken to put the
streets of the city in as good con-
dition possible for the winter
months.

FOUR PERSONS DIE IN MISSOURI TWISTER

(By the Associated Press)

WEBB CITY, Mo., Nov. 1.—Hun-
dreds of searchers welcomed day-
light this morning after five hours'
spent groping in the darkness in
their effort to find the body of four
persons who are believed to have
lost their lives in the tornado which
swept this city just after midnight.

One woman, a Mrs. Freds, was
known to have been killed and 15
other persons were injured, some
of them critically. In the storm,
which struck the city in two places,
about 30 houses were demolished
and more than a hundred persons
are homeless.

DEWEY NEAL GOES
TO SULPHUR PAPER

Dewey Neal, who for fifteen
months has been city editor of the
Ada Evening News, left today for
Sulphur where he has purchased an
interest in the Sulphur Times. He
will be associated with W. W. Gains,
formerly of Stowaway.

Mr. Neal is a talented newspaper
man and has made many friends in
Ada. He is a graduate of the school
of journalism at Norman. He and
Gains will give Sulphur a real news-
paper, and doubtless will have the
united support of that thriving
metropolis.

British Want the
New Castle Consulate
Reopened at Once

(By the Associated Press)

LONDON, Nov. 1.—Ambassador
Harvey, it is learned from an au-
thoritative quarter, has received a
note from the British governor with
regard to the case of the American
consulate at New Castle, closed last
summer, stating that Great Britain
is ready to compromise by with-
drawing the charges against the
consul officials of discriminating
against the British shipping if the
United States will reopen the con-
sulate and replace Consul Slater and
vice-consul Brooks with others.

ADA'S LARGE MEMORIAL HALL STARTS TODAY

Building to be Three Stories
— High and Thoroughly
Equipped.

DEDICATED TO VETS

So Arranged That Conven-
tions Will Have Every
Accommodation.

Although other cities of the state
may boast of a larger hall, none
can boast of a more complete me-
morial convention hall than the
city of Ada, it is believed by those
who have made careful inspections
of the plans and specifications for
the hall. First dirt was broken to-
day and work is now progressing
on the construction of the hall. It
will be of classic Georgian style of
architecture.

The hall will be located on the
property formerly owned by Mrs.
Allen, just south of the Suther-
land Lumber company. It will be
90 feet wide and 150 feet long,
leaving 25 feet on each side and
about 15 feet at the front. This will
leave sufficient space for flower
beds and small shade trees, it was
pointed out. Walks will be built
around the place connecting with
the large front steps and the four
exit steps two on each side.

The building itself will be made
of reinforced concrete with the out-
side covered with a beautiful face
brick. All floors will be of con-
crete except the floor of the stage
which will be of pine. The most
complete and modern ventilation
facilities will be provided, which
include five ventilators in the roof
of the building.

The stage will have a 40-foot fac-
ing, with an entire width of 90 feet
for the scenery and dressing rooms.
Laboratories and toilets will be
placed in each of the three dress-
ing rooms. The entrance to the
stage for baggage will be effected
at an opening on the north side,
facing the alley.

In the front of the building large
concrete steps extending to the side-
walk will be built. On the ground
floor will be the main auditorium.
Laudatories and toilets will be
placed in each of the three dress-
ing rooms. The entrance to the
stage for baggage will be effected
at an opening on the north side,
facing the alley.

Directly above the chamber of
commerce rooms will be the Ameri-
can Legion Hall. Shower baths, bil-
liard rooms, card rooms and an as-
sembly hall will be provided. On
the east wall of the assembly hall
a long stage, extending the entire
distance of the hall, will be built
in. This seat will extend to the top
of the large French windows, which
will afford lighting facilities for
the Chamber of Commerce rooms.
The Legion hall will be the highest
room in the building, and will ex-
tend through part of the third
floor.

Directly under the stage, which
will be located in the west end of
the building, will be found the boy
scout drill rooms and offices. The
boiler room will also be located at
that place. Between the drill room
for the scouts and the main drill
floor for the national guardsmen,
will be found storage rooms. In
the east end of the building on
the basement floor will be found
the Red Cross offices and national
guard storage room. A billiard room
for the guardsmen, and offices for
the two companies, will also be
found in this section of the build-
ing.

The main auditorium will have
seven exits. Two of these will be on
each side and three will be at the
front. Four exits also will be from
the stage. An orchestra pit is to be
built in. The balcony will be pro-
vided with fire escape exits and
four exits to the balcony on all
sides will be provided. Every office
in the building will open to a hall
that provides for at least two ex-
its. On every floor will be found
toilets and lavatories for men
and women.

On the ground floor, at each side
of the large entrance doors will be
found the ladies club room, rest
room and smoking room for men.
All these rooms will have a pri-
vate entrance to the auditorium,
making it possible for delegates
attending convention to retire if they
so desire to a suitable place for
rest.

TOGETHER WE PROSPER

In some inexplorable manner, many farmers and even some city people have come to think of urban residents and rural residents as having little or nothing in common. The fact is, they have much in common. When a city grows up in a rural community, the rural inhabitants get a part of the increased wealth. When a town or city dies in a community few feel the drop more than the farmers.

Suppose Ada within the next ten years were to grow to the size of Oklahoma City. The farmer would have a market right here at home for almost everything he could grow. He could plant food crops and be reasonably certain that he could get a market for the produce in his own county. He would know that the city could consume every hog, every chicken, every egg, every cow he could grow. He would not be harassed by the doubt that he could not market his produce, and he would not be forced to fall back upon a one crop system.

In our complex civilization cities are necessary. We do not believe large cities like New York are necessary, but communities of people of several hundred thousand in number are the result of manufacturing and trading. Cities help create wealth, and when wealth is created in any community almost every man and woman in that entire section has a chance to share in it.

NEW ERA USHERED IN.

The breaking of the ground for the Memorial Hall building this morning marks a new era in the history of Ada. It points the way to a great city, with giant skyscrapers, many factories and other things which make a metropolis.

There is only one thing that can hold Ada back and that is ourselves, the citizens. Nature has well endowed us. She was lavish when she put into the earth the spot surrounding this town. But she so arranged matters that it takes industry and wealth to bring forth from the earth that which mankind needs and transform them into usable human things.

Again we want to urge upon the citizens not only of Ada but the entire county the importance of a bridge across the Canadian river near Byng. With oil wells going down in the lower end of Seminole county, the need for a bridge is all the more urgent. Ada men are doing the drilling. Now that the rains have come, these men will have to go fifty or sixty miles out of their way to get to the wells by automobile. Were they not permanent residents of the city, they would not do it; that's all. They would move to some city or town across the river.

We are glad to see the Memorial Hall start, for we believe it is but one of the many good things which are to come to Ada and Pontotoc County within a comparatively few months.

The Oklahoma Portland Cement Company evidently intends to make the Ada plant one of the best in the entire country. It already is said to be one of the most modern of cement manufacturing plants. And now the railroad from the Ada plant to quarries at Lawrence is to be another step in making the unit complete. Ada is to be congratulated on having such a plant as this, and the entire citizenship will welcome the big improvements planned.

Mayor Walton will be here this evening and the public should turn out and hear what he has to say. It is not probable that when he appears he will show a pair of horns and cloven feet, as he has been pictured by some of his enemies. He will be found a very human sort of a fellow and the people will know just what he stands for and what he expects to accomplish when elected governor.

There are fey mysteries or trade secrets about the newspaper business. Some fellow is always flying off at a tangent and telling everything he knows about his competitors, hence there is little chance for any to get away with special tricks of the trade as in other lines.

Some dopsters place the Democratic majority in Pontotoc county at 1,000. The wish is the father of the thought in this case, for Pontotoc can be counted on for 2,500. The Democrats polled a little more than 6,000 votes in the primary and most of them will be on hand Tuesday.

Mayfield, when he does get to the United States senate from Texas, ought to realize that he has had one real race.

LET A NEWS WANT AD GET IT FOR YOU

"BLOOD AND SAND"

The Forum of the Press

THE DISGRACE OF WASHINGTON SCHOOLS

(Hugo News)
Washington, beautiful capital city is obliged to hand its head in shame when its schools are mentioned.

The superintendent of schools, in his annual report, gives:
"Educational conditions in Washington have been more or less satisfactory for a long period of time. Anyone who examines the educational history of the city will inevitably reach the conclusion that educational progress is slow, not because of insufficient or passing conditions, but because of the present plan of organizing, operating and maintaining the school system of Washington does not conform to fundamental principles of efficient administration."

Those who read between the lines realize that Doctor Ballou doesn't feel like putting the truth squarely up to Congress in so many words. Citizens are not so tender of congressional policies.

Washington's schools are heavily overcrowded, many schools working on the ration scheme, giving three-hour instruction to a class instead of five.

Washington's schools are ill provided with books; many books are old, many are out of date, many scholars share a book between them, some poor little ones can get no books.

Washington has a large number of antiquated, unsafe, worn-out, badly heated, badly lighted, inefficient schoolhouses.

Washington houses many thousands of pupils in temporary, portable school houses.

Washington has not enough teachers, and those teachers are underpaid.

And this is the capital of the greatest nation in the world. The Nation which founded, established, and has prospered under the public-school system.

Washington does not spend its own money for its own schools; it must get authority from Congress.

If Washington schools are a disgrace to the nation and a hardship on sixty-five thousand innocent school children, the reason is found in just one place—the capitol building, and there is just one, and only one set of men responsible—the Congress of the United States, sitting as a city council for the helpless fathers and mothers and taxpayers of the City of Washington.

KNOW YOUR BUSINESS

(Wichita Times)
Fred C. Kelly, writing in the Nation's Business, tells of a grocer in a small village who was doing more business than the average storekeeper in towns ten times the size. His success came from the fact that he was keenly interested in his work far beyond the mere item of buying and selling at a profit.

"He aimed to know," writes Mr. Kelly, "all about the hundreds of articles that he sold, and in doing this he became the most widely read and best informed man in his section. He got interested in the subject of spices and read books about Ceylon and other countries where his spices came from. He read up on coffee-raising, fish canning, and the fruit industry. Among other things he learned that while prunes are raised throughout the whole of California, there is one little section where they are better than those from any other part of the state. He arranged to sell only that kind of prunes. Another thing he found out was that fish caught in oil improves with age. When he

bought sardines he put them in storage for six months before he sold them. Customers did not understand why it was, but his sardines tasted better than those of exactly the same brand bought elsewhere. But they got into the habit of coming to his store."

Mr. Kelly describes a certain Wichita Falls business man, so well that we believe he must be the man written about. The Wichita Falls man who sold specialties here for many years was so much interested in his business and found something of interest even in names and handling. He was constantly acquiring information, kept it from every available source. He had then brought in both economy and profit, and he became an authority on matters pertaining to the grocery trade.

There is much to be learned in the present business. We will not look for them. Every man in every business or trade ought to learn all we can about them. It will add interest to his life, make him more efficient and add to his profits.

Standardizing the Flag

(Kansas City Journal)
At last an effort is being made to call a halt to the steadily increasing number of flag varieties of the American flag. Officials of the department of commerce, flag manufacturers and others are perfecting a plan whereby only standard sizes will be manufactured.

This movement comes none too soon. Too many Americans look upon their flag not as an emblem of the principles upon which their nation exists, but as something to be used for decorative purposes. It is not uncommon to see articles of clothing containing the design of the flag. It is related that various freak shapes to fit no automobiles. Its design is contained on handkerchiefs.

So great has become the extent of this disrespectful use that one manufacturer has been making flags in eight-point stars, sixteen-point stars, with from one to nine stripes in each quality.

President Taft issued an executive order in 1912, establishing twelve standard sizes. The order was superseded by one by President Wilson, somewhat altering the standards, but retaining the original num-

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says her brother says a good setback is a great thing for an over-confident football team but she supposes all the other players are important, too.

Rev. B. M. Bridges Gives Facts in His Case

It is doubtful if there has ever been a medicine endorsed by so many ministers of the Gospel as has Tanlac. Indeed, there is scarcely a faith, creed or denomination in all the land in which one or more of the clergymen has not publicly expressed their indebtedness to the Premier Preparation for the benefits they have received from its use.

One of the latest to speak out in this connection is Rev. B. M. Bridges, a widely known and beloved Baptist preacher, residing at Moor- esboro, N. C., whose statement follows:

"Tanlac has given me a good appetite, toned up my system and renewed my strength in such a gratifying way that I am glad to recommend it to anyone who is in a run-down condition. For ten years past I have had such a severe case of indigestion that I could not find anything to eat that agreed with me. Finally I became very nervous and could get but very little sleep or rest.

"It seems that I took nearly everything trying to get myself right, but nothing helped me until I ran across Tanlac. My nerves are so much better now that my sleep is sound and refreshing. I enjoy my meals and have also gained weight. I can say from experience that Tanlac is a splendid medicine and tonic, for it has built me up wonderfully."

Tanlac is sold by all good druggists. (Adv.)

Card of Thanks

We wish to thank our many friends who were so good and kind to us during the illness and death of our beloved daughter and sister, Laura Davis, and also the beautiful floral offerings.

Mr. and Mrs. Joe Blankenship.
Mrs. Alma Northcutt.
Mrs. Sidney Derryberry.
all of Ada and
Mr. Beecher Blankenship of Oklahoma.

Memorial Hall Started Today

(Continued from Page One)
Between the front steps, immediately after passing through the entrance doors, a space will be left. This space will be situated between the doors and the main part of the auditorium. A large marble American Legion emblem will be placed in the floor space thus left.

Albeit Ross, architect, was assisted in his work of perfecting plans for the hall. He said that it would be steam heated and will have a large number of electric fans. All supporting columns will be of reinforced concrete and floors will be supported with steel beams.

"To get a real appreciative idea of what the hall will really be like," commissioners of the city said today, "a review of the plans is necessary. We are confident that any tax payer who voted for the bonds to build the hall will be more than pleased when he visits the hall for the first time after it is completed. We are of the opinion that every person who claims Ada as his home will never hesitate to point to this building with pride. We look to it as a suitable tribute to our local men who served during the world war. It will be dedicated to them."

More than 3,000,000 pounds of Spanish mackerel are shipped from Key West yearly.

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

WARNING!

The United States Government together with reputable manufacturers are now carrying on an investigation against the illicit house to house canvassers who sell such merchandise as Blankets, Hosiery, Silks, Linens, etc., that are made purposely for grafting sales agents to peddle.

The peddler usually makes such exaggerated and luring claims for his wares that the prospective buyer forgets all about the possibility for a fake and "falls for it" only to be sadly disappointed.

Remember it is just as risky buying goods from unknown manufacturers, peddlers and strangers at your door, as it is buying oil stocks of an unknown company. No person or manufacturer can do the impossible.

All reputable merchandise is sold here in Ada by one or the other of our representative stores. Goods made by reputable manufacturers would not be allowed to be "peddled" by individuals or to have untrue impossible claims made for them. Nor would your local merchants dare to sell you merchandise of the character sold by these grafters.

"Double, double toil and trouble,
Fire burn and cauldron bubble."
Thrice the brinded cat hath mewed.
Thrice, and once the hedge-pig
whined.

"It is time, 't is the time.
"Round about the cauldron go;
Toad that under cold stone,
Days and nights hast thirty-one
Sweltered venom got,
"Boll thou first i'n the charmed
pot."

Hallowe'en "Open House at Elks
Lodge.

The Elks celebrated Hallowe'en with a social gathering attended by themselves and lady friends and relatives. The hall had been decorated in a manner highly appropriate to the occasion in which cats, witches and other creatures of the night were to be seen in profusion. Here, too, was a cauldron as of old where the witches danced and chanted their prophesies of things to come until one thought himself somewhere in another sphere of existence.

It was amid such ghostly surroundings that they gathered and spent an evening in dancing, fortune telling and playing games. During the evening other couples who had attended functions elsewhere dropped in to share the merriment. Delicious punch and doughnuts, such as the "lassies" make, were served.

One of the principles of the order of Elks is to revere the memory of departed brothers. At the hour of 11 they halt all proceedings and pay a silent tribute to the memory of those who have gone on before. On this occasion the usual silent token and responses by the members present were given while all stood in respectful silence.

This duty being performed the gathering returned to its program of the evening. Finally the hour of breaking up arrived and the merry makers, light of heart, faced the discomforts of the rain on their homeward journeys.

W. B. M. S. Gires
Hallowe'en Social

What is said by many to be the most enjoyable party ever given by the ladies of the First Baptist church, was the Hallowe'en entertainment in the church basement Monday evening.

The ladies all came masked and were each sold to the highest bidder by auctioneer J. A. Riddling. One lady with blond hair and painted face, with a hat and scarf of black fur, created much interest and merriment by her large hands and feet and generally awkward appearance. Bids on her came in slowly as all were just a bit leery of her.

She was finally bid in by one of the women through pity for her unpopularity, and when unmasking time came, she proved to be the pastor.

The decorations and games were all in keeping with the season, the Valley of Death being a feature.

A short but interesting program was much appreciated. The small niece of Miss Goss, gave a violin solo. The young lady attracted much favorable comment by her ability as a violinist.

Little Jaunita Strickland, a general favorite, gave a Hallowe'en reading. Mrs. Boud, who has always contributed so much to the music of the church, gave a piano solo. As an encore, she rendered a number of her own composition.

Virginia Abney made her first church appearance with her violin and played so acceptably that she will be pressed into service often.

Russell Boud closed the program with a song and as usual was heartily received. Russell is a favorite with the Baptists and has great future for him.

The building was literally thronged throughout the evening. Pie and coffee were served at a late hour by Mrs. J. O. Abney and her committee to whom much is due for the success of the affair.

Bible Class
Gives Hallowe'en Party

On Monday evening the members of the Progressive Bible class of the Presbyterian church assembled at the City Hall to make merry in fancy dress and masque. There were gypsies, turkish maids, sailors, soldiers and even the staid and stately George Washington himself, but being for honors were Miles Griggs by a "lady" and Marvin Harwell as "Jostah."

Shadow pantomime with unmasking was followed by various games causing much hilarity and glee.

The hall, in accordance with the spirit of the occasion, was fittingly decorated with autumn leaves, witches, cats and pumpkins. The dim glow of candles in softly colored shades cast a glamour over all and caused the masqueraders to pause in their mad revels now and then and see if ghosts were nigh.

"Refreshments" of sandwiches, pumpkin, apples decorated with cat heads, and coffee were served, after which the spooks departed for parts unknown.

CHILDREN'S PARTY FOR
J. GORDEN DERRICK

Mrs. Will Derrick, assisted by Mrs. H. C. McCurry entertained her little son J. Gordon Tuesday night with a party at her home on West Seventeenth street. The house was decorated in suggestions of the Hallowe'en season. The little tots played until a late hour after which candles and fruits were enjoyed. They departed for home sleepy eyed but declaring it a jolly evening. Those entertained were Victor and Jack McCurry, Billie Derrick, Little Maxine McCurry, Maxine Derrick and Master J. Gordon.

**VAMP'S COSTUME
SOLELY OF BEADS**

Miss Maude Wayne.

Miss Maude Wayne has a remarkable costume, but she doesn't wear it often. It's made solely of pearl and jet beads. Oh, yes, it's very artistic.

Hallowe'en Party
For Simpson's Employees

Mr. and Mrs. J. B. Emory of 1,021 Belmont avenue entertained with a masquerade Hallowe'en party Tuesday evening in honor of Simpson's Inc. employees and a few additional friends. The rooms were decorated with ferns, chrysanthemums and Hallowe'en suggestions. The evening was spent with Hallowe'en games followed by a delightful cafeteria lunch. Those present included Mr. and Mrs. R. W. Simpson, Mr. and Mrs. R. B. Smith, Mr. and Mrs. J. B. Cole, Mr. and Mrs. Earl Sumner, Mr. and Mrs. Clyde Hodges, Mr. and Mrs. B. F. Harkrider, Mr. and Mrs. H. A. Smith, Mr. and Mrs. Jack Moore, Mrs. J. A. Biles, Lura Skinner, Lillie Cole, Nettie Sparks, Miss Beuna Nolen and Mr. E. B. Smith.

Mr. and Mrs. Emory were assisted in entertaining by Misses Mary and Constance Waggoner.

The Frogs Hop
On Hallowe'en Night

Hallowe'en night proved an ideal setting for an appearance of the Frogs, who came forth and reveled on the night of witches. The reveling took place in the Harris hotel. About twenty-five couples gathered there for their hop, chaperoned by Miss Jones, Miss Lyday and Mrs. Burton. The evening was spent in dancing, drinking punch and general enjoyment. The Tadpoles were in charge of the arrangements.

At intervals during the dancing a harvest moon appeared and illuminated the Frogs and their partners. Colored lights were also used, which produced beautiful lighting effects. Confetti and serpentine were abundant, while the hall was gay with ribbons, balloons and all those decorations that pertain to Hallowe'en.

CURWOOD'S NOVEL
FINELY SCREENED

What Bret Harte was to the Sierras, James Oliver Curwood is to the Canadian Rockies. If he was not their discoverer, he is at least their romancer. While acting as special investigator for the Canadian Government, Mr. Curwood was charmed by this unspoiled section of Nature's wonderland, which he has made the scene of so many of his stories—"The Valley of Silent Men." That little Eden of the North, over which three snow-clad sentinal mountains keep perpetual watch is no myth.

But with all his skill as a word-painter Mr. Curwood could only indicate the natural beauties of this Northern Paradise. Even the "still" camera and the painter's canvass can capture only isolated bits of natural beauty which seem so remote that the spectator can hardly realize their truth. But now motion pictures, those marvelous simulators of life and action have followed Mr. Curwood's trail and in filming "The Valley of Silent Men" amid the very scenes which the author described in his thrilling romance, will bring home to million of screen devotees the natural wonders of the Canadian Rockies.

Cosmopolitan Productions on acquiring the motion-picture rights to "The Valley of Silent Men," which comes to the McSwain theatre Thursday, sent a company up into the mountains in the early spring before the snows began to melt. For twelve weeks they camped and took pictures about Banff and Lake Louise, and the camera caught that miracle of nature—the coming of Spring in the snowy wilderness. Chester Lyons, the cameraman, and Harry Wild, his assistant, frequently took "shots" of fifteen miles with the telephoto lens, and owing to the clarity of the air the visibility was wonderful.

Eugene von Kellar who has been in the employ of Boggs Motor Co. of this place, is moving his family to Coalgate where he will be similarly employed.

The Bank of England is sometimes called "The Old Lady of Threadneedle Street."

DEMO MAJORITY AVERAGES 16,617

Of 77 Counties in State 26
Return Majority for
Republicans.

(By the Associated Press.)
OKLAHOMA CITY, Oct. 31. — The mass average majority of the democratic party in all the elections in Oklahoma since statehood, in 1907, is placed at 16,617, in a series of tabulations just completed by the Daily Oklahoman, of this city.

The tables show that of the seventy-seven counties of the state, twenty-six have returned average republican majorities. They show further that there has been an average democratic majority in each of the eight congressional districts of the state except the eighth, which has been republican with the exception of Texas and Cimarron counties.

The following tabulation shows the party majorities by districts and by counties:

County	First District	Majorities
Tulsa	Rep. Dem.	278
Ottawa	Rep. Dem.	45
Craig	Rep. Dem.	162
Rogers	Rep. Dem.	273
Washington	Rep. Dem.	161
Xewata	Rep. Dem.	208
Nowata	Rep. Dem.	190
Osage	Rep. Dem.	180
Mayes	Rep. Dem.	134
Delaware	Rep. Dem.	142

Average Dem. Majority	9
-----------------------	---

County	Second District	Majorities

Every elector is given an option of three ways for voting:
1st: He may stamp in the circle under the party emblem. A ballot so stamped should be counted as a vote for every candidate whose name appears under the emblem.
2nd: The voter may disregard the circle under the party emblems and stamp in the squares before the names of the individual candidates for whom he desires to vote.
3rd: The voter may mix these two methods. He can stamp in the circle under the party emblem and then stamp in the square before the names of the individual candidates, appearing in other columns. A ballot so voted should be counted for all of the candidates of the party, under whose device the voter has stamped, except the candidates in front of whose names he has specifically stamped and should be counted for them.

MUSKOGEE COUNTY YOUTH IS CHARGED WITH PATRICIDE

(By the Associated Press.)
MUSKOGEE, Nov. 1.—John Mattison, aged 18, is held in the county jail here today on a murder charge in connection with the shooting and fatal wounding last night of his father, at their home near here. The youth told authorities he killed the elder Mattison when he fired at him twice with a shot gun because he took an apple from a bag belonging to his father.

KIDNAPPED GIRL FOUND WANDERING IN WOODS

(By the Associated Press.)
MUSKOGEE, Mich., Nov. 1. — Rosalie Shanty, 11 year old girl, kidnapped Sunday as she came home from church, was found wandering in a woods near Dublin, Missisquoi county, late last night, according to a telegram received today from the chief of police at Wellston, Mich.

MUSKOGEE, Mich., Nov. 1.—Another message from Wellston today states that the lost girl is in such a dazed condition that she is unable to give any information as to where she had been taken during the time she was in the hands of her abductors. It is said that her clothing was badly torn when she was found.

SHOVERER KILLED IN MIAMI MINE ACCIDENT

MIAMI, Nov. 1.—Raymond Anderson, 17, a shoverer at the Acme mine near Picher was crushed to death yesterday afternoon when his clothing became entangled in a pulley and he was dragged into the line shaft.

Aver. Rep. Majority	185
	4,140

Although the foregoing figures show that only one district has returned an average republican majority since statehood, it was pointed out that several elections in that period have given results at variance with the average. This most prominently seen in the last congressional election in 1920, when five of the eight districts returned republican majorities. Those were first, second, fourth, sixth and eighth.

BOILER EXPLODES ENGINEER KILLED FIREMAN INJURED

(By the Associated Press.)
HOUSTON, Tex., Nov. 1.—One man was killed and another seriously injured at 8 o'clock this morning at Wilmet Station, 38 miles north of here, when a locomotive on a Trinity and Brazos railroad freight train exploded.
The dead man is W. J. Crawford, engineer. His fireman, O. M. Overall, was injured. Both lived at Teague.

SPEAKER AT COLLEGE MAKES APPEAL FOR NEEDY STUDENTS

S. D. Nelson of St. Louis addressed the college students in assembly this morning. He represents the World Christian Student Association in its work among the needy students of Europe, and presented their case before the student body. This work is divided among the students in Europe who are native to the schools where the Association has representatives and those who are refugees from other countries, as from Smyrna. The local students were given an opportunity to assist the Association in its work.

TROTTER NOT YET BACK IN OKLAHOMA

McALESTER, Nov. 1.—Rev. J. C. Trotter, fugitive from Pittsburg county where he escaped from jail in September, is not enroute to McAlester from Alamosa, Colo., as believed, but is being held there pending the termination of a verbal war between County Attorney O. H. Whitman and Sheriff William Sanders of Pittsburg county.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

ALL REPUBLICAN NOMINEES WILL GO ON BALLOT

(By the Associated Press.)
OKLAHOMA CITY, Nov. 1.—Regardless of whether republican nominees received a legal number of votes at the primary to entitle them to a place on the ballot their names will be printed on the election tickets, W. C. McAlister, secretary of the state election board announced today after receiving an opinion from Attorney General Short.

CUBA STOPS SALE OF BEVERAGES TO HOLD AN ELECTION

(By the Associated Press.)
HAVANA, Cuba, Nov. 1.—The voters of Cuba went to the polls today to elect 57 national representatives, six provisional governors, and a new municipal and provincial administrations throughout the islands. Extraordinary precautions have been taken to preserve order and prevent frauds. The sale of alcoholic beverages has been stopped since last midnight.

L. D. Jeter has purchased the J. I. Jeter grocery store that has been conducted at 212 East Main and will continue it at the same location.

Polo Old Game in Japan
TOKIO, Nov. 1.—Japan may in a few years have a team competing for the polo championship. For centuries Japanese have played a game of polo, which, while akin to the game of that name known to westerners, in that it is played on horseback, has few other points of similarity. Now the officers and officials of the Imperial Household have taken up the game as played in America and England and under the instruction of Captain R. W. Russell, honorary attache of the British Embassy, are gaining some efficiency.

Mrs. Logan, who with her husband has conducted the Arcade, will leave Thursday for Poteau via Oklahoma City to join her husband.

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

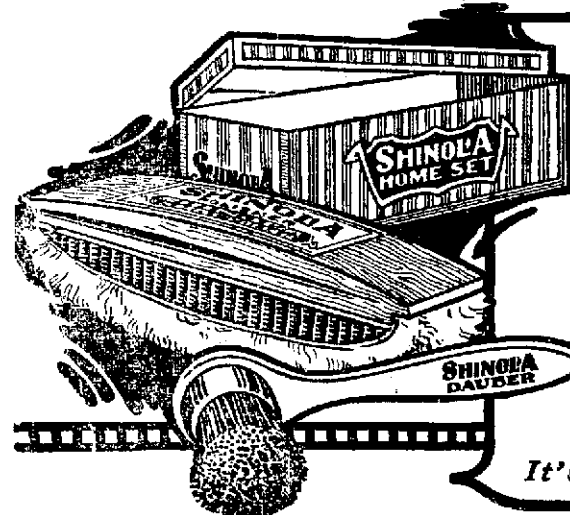

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. You'll feel better.

SHINOLA

The Type-and-Ink University

NEWSPAPERS are the greatest of all modern educators. They teach history in its making. The exploits of exceptional people, the press of unusual events, the ebb and flow of political expedience—all are made public knowledge within a few hours after their happening. This information is insistant and complete.

That is why men and women who are eager to be fully informed read the newspapers—not only the news of the world, but also news of what to buy, where to buy and how to buy.

You cannot be abreast of the times if you overlook the advertisements. For advertisements give you the real news of business. They are the messages of business to you. They tell of the new and wonderful things created for your convenience and pleasure—of merchandise gathered from the myraid markets of the world for you and your family.

Advertising teaches how to get the most value and enjoyment for the least money. It gives you knowledge that pays.

Read advertising and learn.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

St. Jacob's Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacob's Oil at any drug store, pour a little in your hand, and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone.

Don't stay crippled! his soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

Adv.

Mrs. Hall Denies All Knowledge of Husband's Murder

(By the Associated Press)
NEW BRUNSWICK, N. J., Nov. 1.—Breaking her silence today for the first time Mrs. Frances Hall stated that she was absolutely ignorant of how her husband came to his death with Mrs. Mills, the choir leader, on the night of September 14.

In an interview arranged by her attorney she asserted she had absolutely no knowledge of their movements on the night of the murder and denied that she had been on the Phillips farm. She also declared that she knew nothing of the love letters alleged to have passed between her husband and the choir leader.

The Purity Grocery, East Main, which has been conducted by W. J. Allen & Son, has been purchased by J. C. Hynds who will continue the business at the old stand.

To the Votes of the First Commissioner's District

I feel that I ought to give you some idea of the manner in which I handled the funds of the office since I have been your county commissioner, and particularly the funds used in road work.

I have had less money with which to do road work than any other county commissioner since 1916. We also have refused to let a funding bond be put through. But in spite of these things, I believe every one in my district realizes that I have built more roads, and constructed more culverts and bridges than any former commissioner in the same length of time. I have made your money go further than others in road work, and have insisted on every dollar spent in getting a dollar in return. I challenge any man to show where we commissioners, and more particularly anything relating to my district, have permitted any waste to the county, either intentionally or unintentionally.

I have served you a part of our term, sixteen months. If I have made good, give me a chance to continue the work started. Don't let your prejudices or false community pride permit you to vote wrong.

I urge you to go to the polls next Tuesday and approve the record I have made by voting for me.

H. Clay Stephens.
Democratic Nominee for County Commissioner, First District.
